Heather - From what Dean King says below, it appears that we can have both the K-State Singers AND the polo shirts, i.e., Dean King will pay for what we do not have money. How do you read his comments?

Eddie,
I don't think the students need to have one or the other. Let's do what we need to do to make the banquet a class act.

No. The opposite. They should not limit their thinking to deciding on the Singers versus the shirts. Why not both? Or if the \$500 is such a big issue, why do either? It is not clear to me why this became an "either or" discussion.

Hey everyone,

I really like the ideas for polos too. Why not? Steel Ring does this so that their name is put into the public, so why not us?

Chris

Howdy,

The K-State singers would charge \$475 to perform at a banquet. I think that is a lot of money that we could definitely spend on things like polo shirts for our group. I don't think we should hire them.

Oct 8 would work for us. However, we are a visual production so eating dessert would not be good for your audience.

The honorarium and expenses would total \$475.

Hi

Why would the K state singers have to sing for 45 minutes? Couldn't they just do a 15 to 20 minutes show? This would be like the Open House banquet with respect to entertainment.

In regards to K-State singers, I have a friend who is in it so I can talk to her and see how we might go about arranging some entertainment (I won't specify an exact amount of time!).

I think 15-20 minutes would be adequate. Then intratable conversation, as BUDKE put it, wouldn't be hampered.

Yeah, they could sing for 15 to 20. If they wanted to sing longer, 45 would be the max.

HI

I forgot to mention entertainment(sp). Carrie and/or Elizabeth can you look into the K State Singers or something like that for Thursday or Friday night's meals?! What do you think about the idea?

Carrie, do you think it might be possible to put the picture at 4:30 because Aaron and Chris will have trouble making it at 4:00PM?

ThankX

HOWDY,

They would be singing for about 45 minutes. At other times, there would be a person speaking. I like the idea if they're not too loud. If they were too loud, intratable conversation would be hindered, belated, impeded, or even assassinated.

just my thoughts
